## Britain prepares for territorial fight

LONDON (AP)—Defense Secretary John Nott said Sunday that Britain is ready to fight Argentina over the Falkland Islands, and the Royal Navy prepared two aircraft carriers to lead a 40-vessel armada on a two-week journey to the remote colonial outpost.

Nott, calling a peaceful solution "unlikely," said Britain could mount a blockade in the South Atlantic "without any assistance from our allies" and would storm the Falklands "if it is the only and necessary course."

Asked in a television interview if Britain would attack the Argentine mainland, Nott said, "I am not closing any options, but I would not wish to discuss that particular one."

Argentine President Gen. Leopoldo F. Galtieri told journalists in Buenos Aires that "if the Argentine people are attacked by military forces, be it land, naval or air forces, the Argentine nation in arms will do battle with all the means at its disposal."

Argentine naval sources denied reports from London that 22 British marines destroyed an Argentine helicopter and a warship before being overwhelmed.

Nott declared that British administration would be restored to the Falklands. "We mean to do it even if we have to fight," he said. "We are not making the largest task force available outside the two superpowers without the intention, if we have to, of using it."

The Falklands, 250 miles off Argentina's southeast coast, have been held by the British and claimed by Argentina since 1833. The inhabitants include 1,800 pro-British descendants of the 19th century Welsh and Scottish settlers.

Opposition Labor Party legislators, backed by some rank-and-file members of the ruling Conservative Party, renewed calls Sunday for Nott and Foreign Secretary Lord Carrington to resign over what they called Britain's humiliation in the Falklands.

The U.N. Security voted 10-1 with four abstaining votes to call for Argentina to withdraw its troops and for negotiations to begin. Argentina's foreign minister said his country is ready to talk but made no mention of withdrawing the troops.

After the television interview, Nott flew to the south England base of Portsmouth on a farewell visit to the aircraft carriers, HMS Invincible and HMS Hermes, and the assault ship, Fearless. The British domestic agency, Press Association, said they will leave Monday with a total of 5,000 officers and men for the 8,000-mile journey. Among them is Prince Andrew, 22, second in line to the throne, who pilots a helicopter.

The fleet, some sailing from the British base at Gibraltar off Spain's southern tip, includes destroyers, frigates armed with missiles and supply ships.

## Area home destroyed by tornado

by Ed Mazzocco

While some students basked in the Florida sun last week, storms in the Charleston area resulted in a temporary power failure in the city Friday and a tornado touchdown in nearby Oakland.

Dalias Price, Charleston weather observer for the National Weather Bureau, said Sunday that 60 to 75 mile-an-hour winds snapped electrical wires, causing about a two-hour loss of power in Charleston.

Tree branches breaking off and falling onto the wires also added to the power loss, he added.

Most Charleston residents were merely inconvenienced by the weather, but an Oakland family's home was destroyed by a tornado Friday.

Oakland Police Chief Tad Freezeland said the family members were inside the home when the tornado hit, but all got out safely.

The tornado struck at about 11 p.m. Friday and power was out from that time until Saturday afternoon, Freezeland said.

In some areas, phone service was down too, he added.

Most of the damage occurred in the Oakland's Woodlawn subdivision where the home was located, Freezeland said.

He added the two main roads which lead into the area were blocked by debris and a fallen tree, but the roads were cleared quickly to provide access to the subdivision.

A farm supply store suffered damage to its roof, but most businesses were not heavily damaged, he said.

Mark Busekrus, civil defense person, said that in Charleston electrical power was off less than two hours and was back on by midnight Friday.

He added that there were no major damages because of the power loss.

An employee of Charleston IGA Foodliner at 700 W. Lincoln said that customers who were shopping during the power loss continued to shop but additional customers were not let into the store until the power resumed.

## Budget could freeze wages

by Kenda Burrows

There will be no new money for faculty wage increases if the proposed allocations calling for a freeze on salary increase funds and a reduction in personal services funding are approved by the Illinois Board of Higher Education Tuesday.

In a recent memo, Eastern President Daniel E. Marvin said if the board approves the proposed allocations of Gov. James R. Thompson's higher education budget for fiscal year 1983, the reductions and freeze will create "severe problems" in the areas of support services and faculty salaries.

Joe Connelly, member of Local 4100 of the University Professionals of Illinois, said if approved, the reductions would probably mean frozen wages, reduced staffs and heavier teaching loads for faculty members.

Marvin said the salary increase freeze, in addition to a reduction of \$344,400 in the area of personal services, will be "extremely difficult for us to manage."

The reduction represents about a 1.5 percent decrease in personal services.

The total operations and grants allocations recommended for Eastern represent about \$29.9 million of the \$32.3 million originally requested.

The recommended state higher education operations and grants appropriation totals about \$1.2 billion.

Connelly called the IBHE's budget allocations "very, very disappointing."

"It's obvious that education is not a high priority to the governor," he said.

Connelly said higher education salary funding has slipped every year for the last 10 years.

"It's not keeping up with the cost of living," he added.

Connelly said, "The cuts will be a severe, crippling blow to the quality of higher education."

Marvin also said the IBHE recommendations are insufficient to cover rising support service costs.

Marvin said, "Sufficient funds must be found to support essential services, such as utilities, postage and telecommunications."

Marvin added that because of recent increases in utility costs, telephone rates and postage rates, the recommended allocations will be more than \$200,000 short of meeting the cost of maintaining services at current levels.

Connelly said the allocations are not final and he believes that pressure will be applied to the Illinois General Assembly by both students and faculty to find other avenues of support for higher education.

However, Marvin said Sunday "there are no new sources of money."

"We have increased tuition and we won't increase tuition again," he said.

"We will be stuck with whatever the governor and General Assembly appropriate," he said.

The IBHE will meet at 9 a.m. Tuesday at Northwestern University in Chicago to discuss the allocations.

## Associated Press News Round-up

### Economy gains mixed reviews

NEW YORK—Americans are divided sharply over whether President Reagan's economic program is helping or hurting the nation, the latest Associated Press-NBC News Poll says.

Unemployment remained the top choice for the most important economic problem for the government to help control, but inflation was still the problem that affected more people personally.

In the March 29-30 poll, a scientific random telephone sampling of 1,603 adults across the country, 37 percent said they think Reagan's program is helping, while 36 percent said it is hurting. The rest said they were not sure.

### Monster storm kills 46 people

A monster storm that pounded the nation with 86 tornadoes pushed eastward Sunday, punishing the Midwest with a blizzard compared with the worst of a savage winter.

At least 46 people died and hundreds were injured as the unusual early April storm that dumped snow 16 feet deep in the Sierra Nevada last week roared across the heartland.

Twisters wrecked homes and business in dozens of areas Friday and Saturday in a triangle bounded by Texas, Pennsylvania and Georgia.

### Pope pleas for Mideast peace

VATICAN CITY—Pope John Paul II made a Palm Sunday plea for Israelis and Arabs to find a "fair solution" allowing both to live in peace.

Speaking to 120,000 pilgrims and tourists gathered in St. Peter's Square, the pontiff said his thoughts went out to "the land of Jesus, to Palestine, where he taught love and died for the reconciliation of humanity. That land sees for tens of years two peoples on opposite sides of an antagonism which up to now has been irreducible."

The pope took note of the "new painful episodes" of violence in the Israeli-occupied West Bank. Five Arabs and one Israeli have died in clashes there since March 19.

### Pacific defense concern eased

WASHINGTON—Defense Secretary Caspar Weinberger returned from Asia on Sunday convinced that he had swept away concerns in Japan, South Korea and the Philippines that the United States might reduce its commitment to Pacific security.

"It was more important than I had realized when I left that we reassure those countries that it is indeed our intention to remain and carry a fair share of the whole burden of the defense against an increasing threat" from the Soviet Union, Weinberger told reporters.

While reassuring the allies, Weinberger said he also stressed that "it is necessary for us all to do more."

## Right-wing Salvadoran politician dies after attack near capital city

SAN SALVADOR, El Salvador (AP)—The bullet-riddled body of an elected deputy from the far-right Republican Nationalist Alliance was found in a waste dump Sunday, police and friends said.

Officials said the bodies of three other men were found Sunday in the capital.

The politician, identified as David Joaquin Quinteros, died in a hospital several hours after the attack by "unknown persons" in Marina, less than a mile north of San Salvador. Police said he was hit by a least four bullets.

Quinteros was elected March 28 to the Constituent Assembly. He was from Cabanas province, north of the capital.

Earlier Sunday, the acting Roman Catholic archbishop said the massive election turnout a week earlier was a plea for leftists to lay down their arms.

Acting Archbishop Arturo Rivera y Damas, in his Palm Sunday message, also said the five rightist parties that together won a majority of seats in the constituent assembly must not read the vote as support for rolling back reforms started under the U.S.-backed military-civilian junta.

He called on the rebels "to accept the dictate of the people in the vote in favor of peace, of

democracy and of justice sent massively by the people last Sunday."

"The guerrillas now have to leave the road of arms and of destruction to look for other roads that permit them to gain credibility and confidence," Rivera y Damas said.

The guerrillas' clandestine radio station, Venceremos We Shall Overcome, said Saturday that Salvadorans should prepare to sabotage the economy May 1, especially those who work for electric companies.

"We fought before the elections and we will continue fighting until the final victory," the Venceremos broadcast said.

The leftists boycotted the election for the 60-seat assembly, which is empowered to write a constitution and appoint a provisional government. They claimed that negotiations to end the 2½-year-old civil war were necessary before meaningful elections could be held and that any candidates they ran now would be assassinated.

Guillermo Ungo, leader of the guerrillas' political front, has said that many Salvadorans were intimidated into voting because a stamp with invisible ink was placed on each voter's national identity card. The stamp can be detected under ultraviolet light.

## Chicago lacks nuclear war plan

WASHINGTON (AP)—President Reagan's ambitious civil defense program—intended to assure the survival of most Americans in a nuclear war with the Soviet Union—is based on the belief that this country will have a week's warning before the attack comes.

The plan also assumes the Soviets won't target big cities for destruction, civil defense spokesmen say. But, if there is an imminent threat of attack, it recommends the cities be evacuated because they are often near military bases and other likely targets.

The plan calls for evacuating all U.S. cities with more than 50,000 residents and relocating people away from missile sites, bomber bases and ports. Up to two-thirds of the population would be moved from 380 such "high risk areas" into lower risk areas—places one study calls "farms and hamlets."

But Chicago has no specific evacuation plan in case of nuclear attack, according to the head of the Illinois Emergency Services and Disaster Agency.

"Right now, for all practical purposes, we have no plan as relates to Chicago," ESDA Director E. Erie Jones said.

Jones said that while the \$4.2 billion civil defense project announced last week by President Reagan is a beginning, it falls far short of providing a realistic solution to the problem.

Reagan's seven-year plan is already under attack in Congress, Jones said, and may face substantial cuts. Jones said that even if Congress approves the \$252 million 1983 allocation called for in Reagan's original plan, instead of the \$133 million recommended by the Senate Armed Services Committee, it would only mean about \$100,000 more for Illinois next year.

ESDA has a budget of about \$1.2 million, he said.

If the Reagan plan is approved and given adequate funding, Jones said, ESDA could probably work out an evacuation plan for Chicago-area residents as far south as Kankakee, Ford and Livingston counties, but it wouldn't be enough.

# Discrimination blamed for rezoning denial

by Maureen Foertsch

Eastern's chapter of Delta Tau Delta has been denied permission to reside at 1107 Third St., where the fraternity has been based since August.

At a meeting March 26, Charleston's Board of Zoning Appeals and Planning unanimously rejected house owner R.K. Dutta's request for the rezoning of the building, which also houses Dutta's medical office. Dutta claims he has been discriminated against.

The house, which is in an area zoned for limited multiple-family residence (R-3), would have to be rezoned as a multi-family residence (R-4) for the fraternity to continue living there.

The board said because the rest of the neighborhood is zoned R-3, rezoning Dutta's house to R-4 would con-

stitute "spot zoning."

Stoever said R-4 zoning was specifically designed for use near campus for fraternity and sorority houses.

But Dutta said he does not accept "spot zoning" as the reason for the denial of his request for R-4 zoning.

"If I had been a local 'townie' I don't think this would have cropped up (the denial of his request for rezoning)," Dutta said. Dutta was born in India.

However, Stoever said Dutta's allegation of discrimination was "hogwash."

"It's a predominately single-family residence and there are no fraternities nearby," Stoever said.

He said Dutta did not attend the zoning board meeting to testify that the

house should be changed from an R-3 to an R-4 classification.

"Any time a decision is made to change zoning we have to have evidence to prove the change will be made for the best land use and we only had objections to changing his (Dutta's) building zone," Stoever said.

Dutta also said the homes surrounding the Third Street address are occupied by students.

However, Hal Malehorn of 1026 Fourth Street, who was a spokesman for the residents at the board meeting, said only one-third of the residents in a two block radius of Dutta's home are students.

Disapproval of Dutta's request was shown at the zoning board hearing when about 30 residents voiced their

opposition. A petition with 77 signatures from residents within a two-block radius of Dutta's home who oppose the fraternity's residency in their neighborhood was submitted to the board.

Malehorn said he and other residents opposed Dutta's request for rezoning because "a fraternity would not be an improvement on the neighborhood," and "property owners are not attracted to fraternities."

The fraternity has not caused any major problems for residents since August, Malehorn said.

"But no one can give us a guarantee that a group in that house ten years from now will be as well-behaved," he said.

The opposing group of residents is not against fraternities in principle, but they do not want a fraternity in their residential neighborhood, Malehorn added.

The only alternative for Dutta and the fraternity, which he said has not yet found other housing, will be to go through legal channels to appeal the zoning board's decision, Dutta said.

"In a small town like Charleston, legal action in a case like this is uncalled for, but I see no alternative," Dutta added.

Dutta said he did not know when members of the fraternity would have to move out of his house.

Eastern senior Chuck Marley, a former Delta Tau Delta resident, said there are no hard feelings between the fraternity and the neighborhood.

## Student Senate petitions ready

Petitions for next year's Student Government executive office and Student Senate positions will be available until Thursday in the Student Activities Center on the second floor of the Union addition.

Petitions are due at 5 p.m. Thursday in the Student Activities Center.

Five executive officer positions and 15 full-year Student Senate seats will be open in the April 21 election. Also, two half-year senate seats will be open.

Executive officer positions include student body president, executive vice president, financial vice president, Board of Governors representative and administrative assistant for collective bargaining.

Petitions for executive officers require 100 signatures while petitions for senators require 25 signatures from the district the student is running in such as campus, at-large or off-campus.

A mandatory meeting for candidates is scheduled for 5 p.m. April 8 in the Student Activities Center to determine candidate ballot positions.

## Woman injured

A Charleston woman, Anne Muskieviez, was rushed to Sarah Bush Lincoln Health Center after her car was struck by a van allegedly driven by Eastern freshman Jeffrey Livermore. Muskieviez's car then reportedly struck another vehicle owned by senior Scott Gilleland. Livermore was cited for failure to reduce speed to avoid an accident. (News photo by Brian Ormiston)

## Senate races—chance for change

### Editorial

If you think there needs to be a change in Eastern's student government, there's still time for you to make that change.

Many students complain that the Student Senate fails to do its job of representing the student body's interests to the administration and faculty. If you're one of those students, now is your chance to stop complaining and take positive action to change the situation.

Petitions for 17 seats on the Student Senate are available until Friday for students interested in running for a governmental position.

Students will remember that the senate has come underfire this school year on many different issues.

Eastern's Supreme Court found the senate acted unconstitutionally when it changed the date of last fall's student government elections.

Many students expressed disapproval over the procedure the senate used to finance its trip to a student services conference in New Orleans last fall.

Although the senate passed a resolution opposing proposed split-level tuition hikes at Eastern, it failed to represent student interests. The resolution should have been followed with lobbying against the hikes at higher education boards and in the legislature.

Fortunately, it is still not too late for students to get involved and attempt to stop the proposed tuition hike from being approved.

Belonging to the senate could give students an opportunity to voice opinions on issues such as the tuition hike and to change the senate's role.

And, although that role does need changing, students should realize that the senate has attained some positive goals this year.

Recently, it adopted a code of ethics aimed at maintaining high standards of conduct among senators.

Members of student government have attempted to make teacher evaluation results available to students for use in deciding which courses to enroll in.

Student Body President Bob Glover recently tried to inform students about the issues facing them by holding an open forum. But only a handful of students—all members of the senate or the press—bothered to attend the forum.

It does little good for students to complain that the senate is not doing an adequate job of representing their interests, if no one is willing to attempt to change things.

With 15 full-year and two half-year seats open on the senate, this is a good time for the senate to make a fresh start. New senators with new and innovative ideas will help erase the senate's past mistakes and make it more accountable to students.

## Your Turn

### Athletic cuts unfair

Editor:

It seems as though the majority of Eastern students have fallen victim to being handed yet another "white elephant"—the EIU athletic budget.

With the present economic situations that higher learning institutions are facing, along with threats of cuts in federal and state funding, the academia at Eastern will most certainly suffer. Yet, the athletic program budget remains, for all practical purposes, unchanged. The heads of colleges and universities are presently deciding how they will muster a 15 to 20 percent budget cut next year. According to *The Daily Eastern News*, the Eastern athletic budget will be decreased by less than one-fourth of 1 percent. These facts suggest that the decisions being made concerning "where to cut back" will weigh most heavily on students who do not participate in intercollegiate athletics.

Considering the fact that only 5 percent of the student body is talented enough to participate directly in the intercollegiate athletic program, and that \$437,250 is expected to be spent for funding of these programs, I am sure that the other 95 percent of EIU students will be most hesitant in trying to understand the motives for larger EIU budget cutbacks for academic learning than for athletic learning.

Dave W. Dugan

### Towel use revealing

Editor:

As a member of the rugby team, I find myself using the shower facilities at Lantz quite often and having towel service is a definite bonus.

However, the other day as I was walking from the playing field towards Lantz, I spotted a small group of girls standing outside on Lantz's parking lot giggling. I paid no attention and proceeded to the showers.

After disrobing I walked to the checkout desk to get my towel. As I received it, I looked up and to my surprise I saw those same girls and again they were giggling for there I was naked as a jaybird.

I am in no way an exhibitionist and don't want to be on the end of some girls' voyeurism kicks. I feel paying tuition doesn't include the price of showing my body to the female population here at Eastern.

I don't know, maybe I'm old-fashioned but I would hope to see this problem quickly corrected.

Mark Horowitz

### Letters Policy

The name and phone number of at least one author *must* be submitted with the letter. Letters submitted without a name (or with a pseudonym) or without a phone number or other means of verifying authorship will not be published.

## Where were you when the lights went out?

If you think you had fun in Florida this Spring break, you should have stuck around Charleston Friday night for some real fun and excitement.

What should have been a night spent studying for an upcoming State and Local Government exam ended up as a night at the movies...or so we thought.

Anticipating the riveting adventure of "Raiders of the Lost Ark," we soon found the adventure extended far beyond the theater screen.

Indiana Jones and Marion had just escaped from the underground tomb and suspense reached its peak, when time seemed to halt.

In actuality, only the film had stopped, and the theater went completely dark.

Just as weatherman Mr. Roberts predicted, high winds and heavy rains caused a power outage all over town as well as the theater.

Shortly after our fellow movie viewers sent up a round of boos and hisses, a theater employee announced that power was out all over town and requested that we be patient.

Suddenly, a voice from beyond called, "Is Tom Cooly here?"

"Yeah," a voice from within replied.

"Your mother's here."

Following a round of applause, whistles and laughter, a young man conspicuously arose and made his

### Personal file:

Carl Pugliese

Denise Skowron

exit—followed by the majority of the audience.

But, being die-hard movie-goers (and besides a buck was at stake here), we decided to hang around to find out what happened to Indiana and Marion.

Unfortunately, the movie did not go back on that night, and we left in reckless pursuit of candles.

Somehow we arrived at IGA to find business transactions limited to the sale of flashlights. Candles were sold out before we arrived.

After talking to a few local residents, we found that a complete blackout in Charleston occurs frequently.

It would have been quite a sight if Friday had been a normal night with school in session and the bars had been packed. Crowded bars would have become ideal places for everyone to get to know each other. There is nothing more romantic than socializing by flashlight.

Friday's blackout turned out to be a good thing—it brought us closer together because we were too scared to be apart. Maybe we should have blackouts more often.

# Introducing the all-new

# Daily Eastern News Staff

## for 1982-1983

Today's *Daily Eastern News* is being published by a new staff.

This semester marks the first year that the editorial staff has changed during the the academic school year. The change was made early so that readers of *The Daily Eastern News* could be better served.

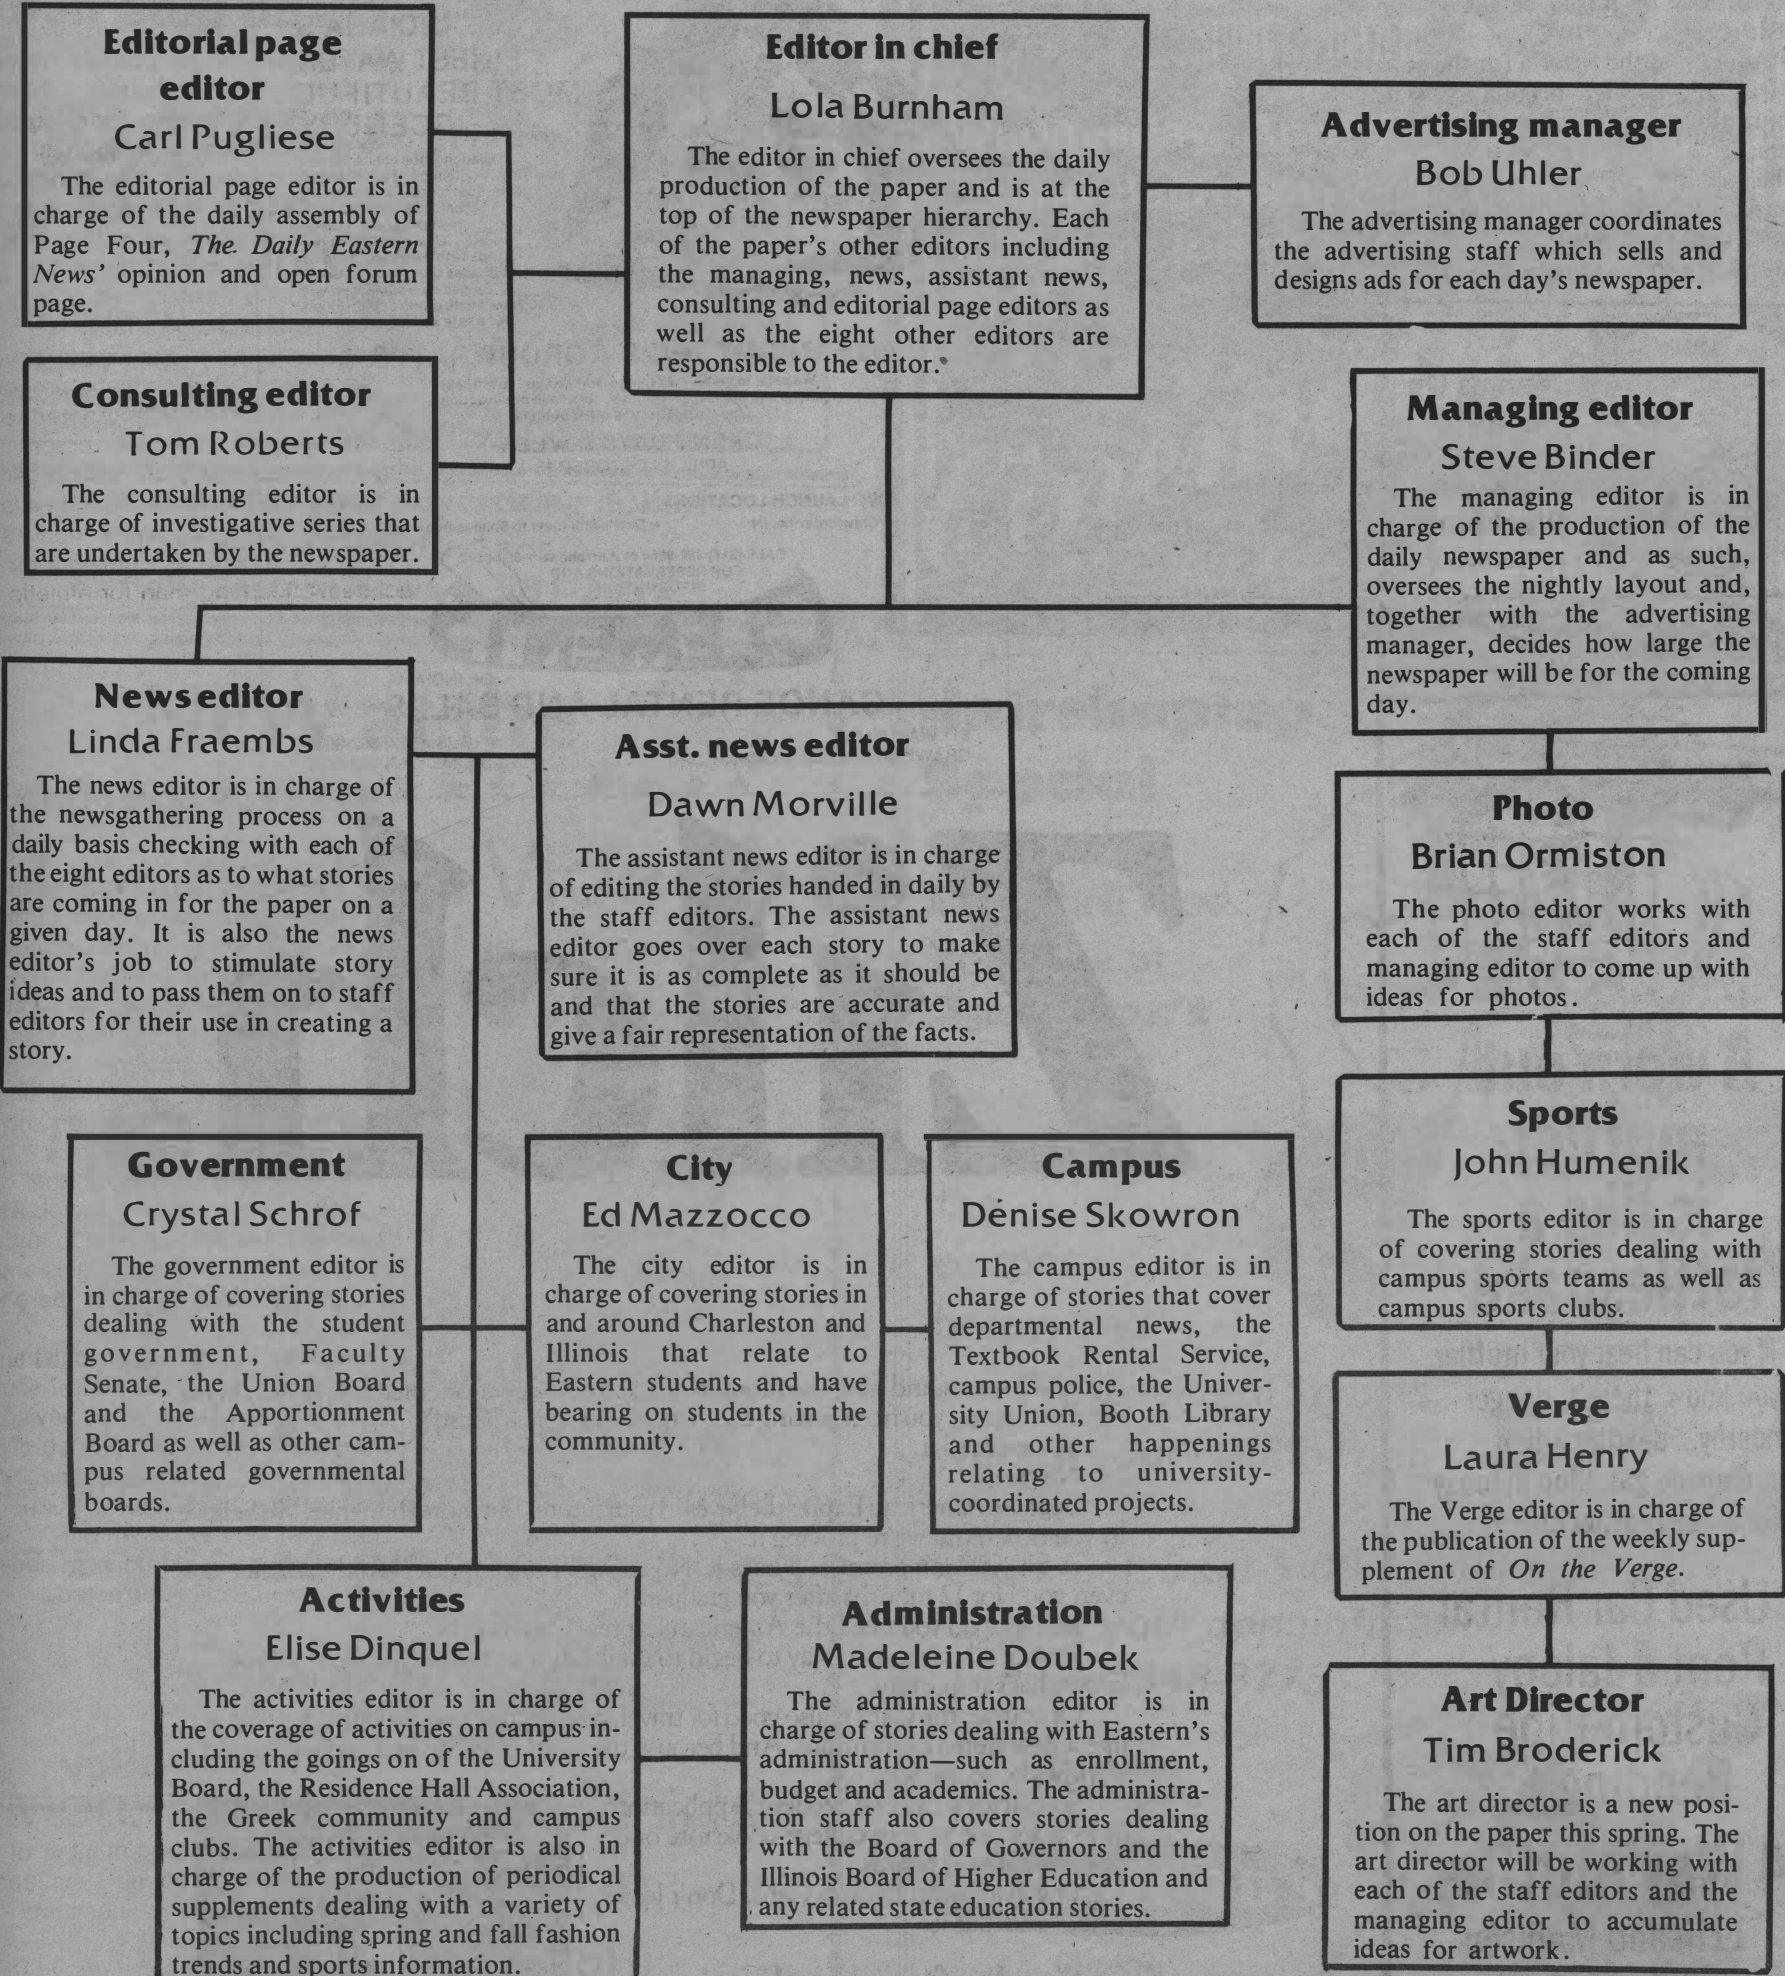

Ten of the 15 editorial positions have been filled with students who have not have previous experience as editors. News adviser John David Reed believ-

ed changing staffs mid-semester would provide the new staff with some important training since the outgoing experienced editors were available to help the new staff.

Within the remaining five weeks of publication, the former staff editors will work closely with the new ones in explaining the role of each position and the responsibilities accompanying the editorial posts.

The diagram below shows the editorial structure of the newspaper and is presented as an effort to provide our readers with a better understanding of the newspaper's structure, including the responsibilities of the editors.

If you have a question concerning a particular area or you want to provide some information to the newspaper, call on the editors listed below. All of them can be reached at 581-2812.

## Placement seminar attempts to teach students resume writing

A seminar to help students write better resumes for prospective jobs is scheduled for Tuesday and Thursday, Placement Center Director James Knott said.

### Greek Week kicks off with air band contest

A kickoff party for Greek Week will begin at 8 p.m. Monday at E.L. Krackers, Denise D'Adam, Greek Week Public Relations Director said.

The purpose of the kickoff is to get the Greeks excited about the upcoming Greek Week, which begins April 17, she said.

The theme for Greek Week is "Unique and United," D'Adam added.

The party will feature an "air band" contest, in which contestants pretend to sing and play instruments to a recording. Groups will be judged in a fraternity, sorority or mixed category, she added.

D'Adam said the criteria for the contest will be creativity, originality, synchronization, stage use and overall performance.

The kickoff party is for all Interfraternity Council and Panhellenic Council organizations.

Admission to the party will be \$1.

"The seminar will attempt to make resumes more than bare bones," he said. "Mediocre candidates with good resumes often get preference over good candidates with sloppy resumes."

The seminars will take place at 2 p.m. Tuesday and 3 p.m. Thursday in the Union addition Oakland Room.

At the seminars, illustrations and slides will be provided and the fundamentals of good resume writing will be reviewed, Knott said.

The two seminars are the last in a series of eight, Knott said.

He said the seminar is open to all students who are interested in job prospects.

If you're a senior and have the promise of a \$10,000 career-oriented job, do you know what's stopping you from getting the American Express Card?

You guessed it.

Nothing.

Because American Express believes in your future. But more than that. We believe in you now. And we're proving it.

A \$10,000 job promise. That's it. No strings. No gimmicks. And this offer is even good for 12 months after you graduate.

But why do you need the American Express Card now?

First of all, it's a good way to begin to establish your credit history. And you know that's important.

Of course, the Card is also good for travel, restaurants, and shopping for things like a new stereo or furniture. And because the Card is recognized and welcomed worldwide, so are you.

So call for a Special Student Application or look for one at your college bookstore or on campus bulletin boards.

The American Express Card. Don't leave school without it.

# Eastern springs south

Daytona Beach, Fla.

Sandy beaches, burning sunshine and salt water was the spring break setting for more than 600 Eastern students.

At the top, a woman and her son waded out into the salty surf of the Atlantic Ocean in Daytona.

Above, Eastern junior Kelly Armstrong reaches for a football before splashing into the Plaza Hotel pool located on the shores of Daytona.

At the above right, Plaza Hotel guests, including Eastern students, soak up the rays on the hotel's patio in hopes to return with enviable tans.

At the right, Eastern students prepare to board a Coastal Tours bus—one of many buses which carried students to the sand and surf of Daytona.

## Puzzle Answers

## Campus clips

The Counseling Center will sponsor a Life Skills Seminar Monday, April 5 at noon in the Paris Room of the Union. "Alternatives to the Bar Scene" will be presented by Margaret Fallon, M.S., Director of Adult Re-Entry, Lake Land College. All are invited.

UB Lectures Committee will meet Monday, April 5 at 7:00 p.m. in Coleman Hall Room 103. Important meeting — assignments will be made for Wednesday night's "Daniel Keyes" lecture.

Phi Mu Alpha will sponsor Sinfonia (music concert) Monday, April 5 at 8:00 p.m. in Dvorak Concert Hall. "Night of American Music" will feature a variety of music styles including jazz, classical, etc. as recorded by Manhattan Transfer.

Rugby Team will hold mandatory practice Tuesday, April 6 at 6:30 a.m. in Rugby Field. Everyone bring gym shoes and spikes.

Campus Clips are published free of charge as a public service to the campus and should be submitted to The Daily Eastern News office two days before date of publication (or date of event). Information should include event, name of sponsoring organization, date, time and place of event, plus any other pertinent information. Clips submitted after 9:00 a.m. of deadline day cannot be guaranteed publication. Clips will be run one day only for any event. No clips will be taken by phone.

Come to "Getting Together" . . . a workshop for courting couples, especially planned for partners who are joining their lives together. Learn how to manage stress, make decisions, and enhance your intimacy together, with Genie Lenihan and Bud Sanders FREE. Call 581-3413 to register.

Wednesdays, April 7-21, 7:30-9:30 p.m., Scherer Room, Union. Sponsored by the Counseling Center.

## Cub opener highlighted by fanfare

(AP)—Astronauts and one of the newest members of baseball's Hall of Fame will be on hand when the 1982 baseball season begins Monday.

In the traditional National League season opener at Cincinnati, the Reds meet the Chicago Cubs. A sellout crowd of 52,000 is expected at Riverfront Stadium, where astronauts Joe Engle and Richard Truly will make the ceremonial first pitch.

They will throw out a baseball which accompanied them last November on their 1.25 million-mile trip aboard the space shuttle Columbia.

Also on hand at Cincinnati will be former baseball commissioner Happy Chandler, who was elected last month to the Hall of Fame and will be honored before the game.

In Monday's American League opener, the Baltimore Orioles will entertain the Kansas City Royals.

The other 22 major league teams are scheduled to open Tuesday, with six games scheduled in the American League and five in the National League.

AL games Tuesday will see Texas at New York, Boston at Chicago, Cleveland at Milwaukee and Toronto at Detroit in day games, and California at Oakland and Seattle at Minnesota at night.

Baseball's newest stadium, the 54,711-seat Hubert H. Humphrey Metrodome in downtown Minneapolis, will be the site of the Mariners-Twins game.

In the NL Tuesday, Montreal is at Pittsburgh and San Francisco at Los Angeles in the day games, while New York is at Philadelphia, St. Louis at Houston and Atlanta at San Diego in night contests.

The Cubs, with new general manager and manager, have only three starters remaining from their 1981 opening day lineup—Bill Buckner at first base, Steve Henderson in left field and Leon Durham in right field. Dallas Green, manager of the Philadelphia Phillies last year, now is the Chicago general manager, while the new field boss is Lee Elia.

Doug Bird, who had a 4-5 record last year, will be on the mound for Chicago, facing Cincinnati's Mario Soto, 12-9 a year ago.

Like Chicago, Cincinnati will have a new look. Alex Trevino will be the catcher, Jonny Bench has moved from behind the plate to third base, and Cesar Cedeno, Paul Householder and either Clint Hurdle or Mike Vail will be in the outfield.

**Baseball—**from page 16

Homeruns by Jones, Seitzer and Yocum paced the Panthers in the final three innings.

### Troy State 3, Eastern 0

The Panthers recorded their first setback of the season scattering two hits. Freed picked up the loss allowing six hits.

The loss ended the Panthers' eight game winning streak during a six game swing at the Gulf Coast Classic in Panama City, Fla. The Panthers had earlier defeated Evansville University twice to open the season.

# Softballers top Bradley, extend streak to 11 wins

by Susan McCann

Eastern's softballers climaxed their undefeated 11-game road trip Friday with an 8-4 victory over Bradley University at the Southern Illinois University-Edwardsville Cougar Classic.

For the Panthers, the victory lifted their season record to 11-0 and opened first-round play on a successful note.

However, rain, cold and high winds forced the cancellation of scheduled contests on Friday and Saturday.

The Lady Panthers' unbeaten record was in jeopardy as they trailed 4-3 entering the fifth inning with Bradley, but later rallied behind some strong efforts to post five runs.

Mary Tiegs walked with one out in the fifth inning and went to third when Bradley's center fielder dropped Panther starting pitcher Kathy Richards' fly ball for a two-base error.

Gigi McIntosh drilled a single up the middle to drive across Tiegs and Richards to lift the Panthers ahead 5-4. Nancy Saegesser followed with a walk, and Kelly Waldrup responded with a two-run double down the left field line to score Saegesser and McIntosh.

Maureen Sharkey capped the five-run frame with an RBI single and Eastern held on for the 8-4 victory. Richards allowed five hits and two earned runs to lift her season record to 5-0. Richards also fanned five batters in the contest.

"She (Richards) throws such a variety of pitches and mixes them up so well that she keeps the hitters off-guard," Panther head coach Deanna D'Abbraccio said.

Richards has allowed only eight runs, three earned, in 37 innings of work. In addition, Richards' 0.56 earned run average ranks her the best among the Panther pitchers.

Richards recorded her first victory when Eastern opened its road trip March 26 with a doubleheader sweep of Oklahoma Baptist in Shawnee, Okla.

Richards allowed one hit in the first game and the Panthers clung to a 2-0 lead to notch the victory. Donna Ridgeway took the mound for the nightcap and chalked up a 10-2 victory.

The Lady Panthers moved on to Tahlequah, Okla. for two games with Northeastern Oklahoma State University March 27.

Ridgeway recorded a 6-4 victory in the opener, but needed help from Richards in the fifth inning. After posting the save, Richards took the hill for the second game and paced the Panthers to a 9-2 victory.

Eastern notched another double-header sweep March 29 over John Brown University in Siloam Springs, Ark. Ridgeway tossed a one-hit, 11-1 victory in the first game and freshman Sandie Muskopf recorded a 4-1 victory in her first collegiate start in the nightcap.

The Panthers traveled north for two games March 30 with Missouri Southern State at Joplin. Richards and Ridgeway yielded four hits as the Panthers held on to win 4-1 and 2-0.

Eastern defeated Southwest Missouri State 5-1 and 3-0 March 31, and again it was Richards and Ridgeway who notched the victories.

In addition to some solid pitching on the trip, D'Abbraccio said the Panther batters provided a much-needed offensive punch. D'Abbraccio noted that the defense did an outstanding job in all but the Bradley contest.

"The outfield made some spectacular catches against Missouri Southern that really saved some runs and probably saved the game," D'Abbraccio said. "We also made some double plays that got our pitchers out of trouble."

The Panthers are slated to play a double-header Monday against Illinois State in Bloomington. D'Abbraccio said she expects the Illinois State squad to be "very tough," following their "tradition of a winning program."

## Scoreboard

All weekend sports results should be phoned in or delivered to the Daily Eastern News office (581-2812 in Buzz. N. Gym) by 2 p.m. Sunday.

Eastern 6-9, Northeastern Oklahoma State 4-2

Eastern 2-10, Oklahoma Baptist 0-2

## Bowlers advance to finals

by John Humenik

Behind some impressive performances, Eastern's men's bowling team advanced to the national finals for the first time by capturing the eight-team Midwest Sectional championship March 28.

The victory lifted the bowlers into the 12-team finals which open April 28 and conclude May 2 in Orlando, Fla. The final round will be televised May 1 by ESPN, a cable sports channel.

Eastern registered a fourth place showing after the opening day of competition, and rallied to grab the tournament lead from Indiana University in the sixth game. The bowlers never lost that edge and coasted to their first sectional championship.

"We were disappointed after the opening day, but we knew we were a strong enough team to advance," team captain Bruce Schroeder said. "Now we're looking to the nationals and we're confident that we can challenge for the title."

Schroeder said West Texas State, California-Berkley and Wichita State are front runners for the national title but added that Eastern is considered a likely candidate as well.

"We had finished second in our travel league in several tournaments and at the regionals, but we knew we were the best team in the sectional," Schroeder said.

## Baseball team returns home with 13-3 record

by John Humenik

EVANSVILLE, Ind.—Eastern's baseball team continued to receive some impressive pitching efforts in addition to some noteworthy hitting last week to record the Panthers' best start ever in notching a 13-3 slate.

The Panthers concluded their 21-game road trip last weekend rallying behind six homeruns to sweep a twin-bill from Indiana State-Evansville 16-2 and 13-2 Saturday. The two teams were scheduled to play twice again Sunday before the Panthers returned home for the first time since March 20.

Kevin Seitzer highlighted the Panthers' 16-2 victory over the Sycamores, driving in five runs including a fifth inning grand slam which lifted the Panthers ahead 16-1.

Matt Cimo helped the Panthers post a 5-0 lead after two innings by driving across two markers, but later batted in four runs including a homerun. Neil Bertram and Rich Lambert concluded the hit parade by bringing in homeruns.

The Panthers tallied 11 hits in the contest, as Bill Law coasted to his third straight victory. Law yielded five hits and fanned two batters.

In the nightcap, the Panthers trailed 2-1 after two innings but recorded 12 runs in the following three stanzas to record the victory.

Cimo tabbed his sixth homerun and drove across three runs to pace the Panthers. Tom Detmer scored two batters and Brian Yakos smashed a three-run homer to ice the victory. Bill Morton marked his third win in going the distance, but scattered seven hits.

### Murray State 8, Eastern 2

Marshall Crutcher was tagged for three home runs in the first inning as the Racers led 3-0. Murray State later added four runs in the third to take a commanding lead.

Brian Jones and Troy Harper accounted for both of the Panthers' runs in the fifth inning. Jones registered

Eastern's initial marker on an infield out and Harper recorded his first home run.

### Eastern 12, North Dakota 4

Seitzer notched his fourth homerun, a three run blast, to help the Panthers to a 5-0 first inning lead. But the Panthers needed three markers in the third inning to clinch the victory.

Jim Workman provided the third inning heroics, slamming a three-run homer. Seitzer later drove across two runs in the next two frames. Brad Yakos hit a solo shot and Detmer added a run-scoring double to cap the Panthers' scoring.

Kevin Gordon notched the victory but had to receive some relief help from Eric Hinz in the sixth inning. Gordon allowed six hits, while Hinz yielded one hit.

### Murray 10, Eastern 9

Murray State recorded two runs in the ninth inning to hand the Panthers their second loss of the season. Harper and Seitzer led the Panthers, each smashing three-run homeruns. Dave Bauer recorded the loss in relief of Mick Freed.

### Eastern 8, Troy State 4

The Panthers jumped in front 1-0 in the first inning, but Troy State added a run of its own to deadlock the contest. Troy State later notched its own lead in the third inning by scoring two runs, but the Panthers regained the lead with three markers in the fifth frame.

The two teams exchanged leads once again but the Panthers took command of the contest scoring three times in the seventh and once in the eighth inning. Morton picked up the victory in relief of Bauer, who relieved Bill Law.

### Eastern 10, Troy State 4

Troy State jumped in front 2-0 after the first-inning, but Eastern registered five runs in the second stanza to put the contest out of reach. Crutcher notched the victory for the Panthers in allowing seven hits.

(See BASEBALL, page 14)

Eastern's Erick Hinz warms up before a previous Panther practice. The Panthers concluded their annual southern trip with an impressive 13-3 record and will open their home season Tuesday when they host the University of Evansville. (News photo by Brian Ormiston)

## Tracksters not slowed down by month layoff

by Mike Prizy

After nearly a month's layoff, several of Eastern's men's track team members continued their winning ways at the Panthers' outdoor season debut Saturday at the Southeast Missouri Invitational.

The trackmen have not competed since the EIU Last Chance indoor meet March 5.

Saturday's "SEMOTION Invitational" attracted 80 teams from the Midwest and the South for the non-scoring meet.

Sophomore sensation Claude

Magee, who has not competed since the Illini Classic meet on Feb. 27 due to injury, brought home another school record as well as becoming Eastern's first Division I qualifier of the season.

Magee competed in the 100-meter dash and ran away from a strong field to finish two-tenths of a second ahead of the second place finisher.

Magee's time of 10.25 erased the nine-year school record that was held by Sandy Osie-Agyeman, a former Nigerian Olympian.

The sprinter also easily qualified for the NCAA National Championships at Provo, Utah, June 3-5 by bettering the qualifying standard of 10.4.

Eastern coach Neil Moore said of Magee, "That was an outstanding performance for this early in the season."

The Invitational got off to a fast start for the Panthers as Eastern runners took first and second in the 10,000-meter run which was the first running event of the day.

Chuck Elliott won the long distance race in a time of 30:32 with Tim Warneke taking second in 30:47.8.

"Chuck's best is 30:07 and for a

season opener this was a super race," Moore said.

Assistant coach Larry Schudt added that Warneke's time was a personal record for the junior who seldom runs the 10,000-meter run.

Elliott and Warneke battled the race favorite, Pete Fitch of the University of Illinois, for most of the race before overtaking the Illini with four laps to go in the 25 lap race.

Fitch could not keep up with the fast closing pace set by the two Panther runners and faded to fourth, Moore said.

Setting another personal record was Craig Dwall with a 14.67 clocking for the 110-meter high hurdles in a preliminary heat.

Dwall came back in the finals with a time of 14.95, good for a seventh place finish.

Eastern's relay teams ran well, although two of the three Panther relay units did not have the advantage of running against the better competition in the fast heats.

The 3200-meter relay team of Merrill Kaney, Mike Erney, David Houston

and Johnnie Gill fought with Memphis State's relay before slipping to a second place finish in a time of 7:43.23.

Kaney gave Eastern the lead after the first leg of the relay while, Erney let the leaders get away, Moore said.

Moore added that Houston ran a strong leg and brought Eastern to the front and even with Memphis State for first place. Gill then ran right behind Memphis State's final runner Geoff Cooper until the last 100 meters when the Memphis runner pulled away to a three-second win.

Eastern's 400 and 800-meter relays did not get into the fast heats but still managed to place in the top five after all the heat times were compared for the final results.

Mypaka Fyeface, Efrem Horton, Dwayne Brown and Magee were Eastern's entrants for both of the sprint relays and easily won their heats, Moore said.

Moore added that because of spring break, Eastern's relay teams only had one day to practice baton exchanges and were a "little rusty."

## Inside:

### Softballers win

Eastern's softball team concluded its season-opening road trip with its eleventh straight win. The Panthers clobbered Bradley 8-4 Friday before rains concluded the SIU Classic early. Story on page 15.
